How can you help?

Become A Foster/Adoptive Caregiver.

Somewhere within him,
is a child. **Somewhere
within you, is a home.**

Did You Know?

There are currently not enough foster and adoptive homes in Washington County. When children must be taken from their homes for their own safety and protection, they are often sent to a foster family in another county.

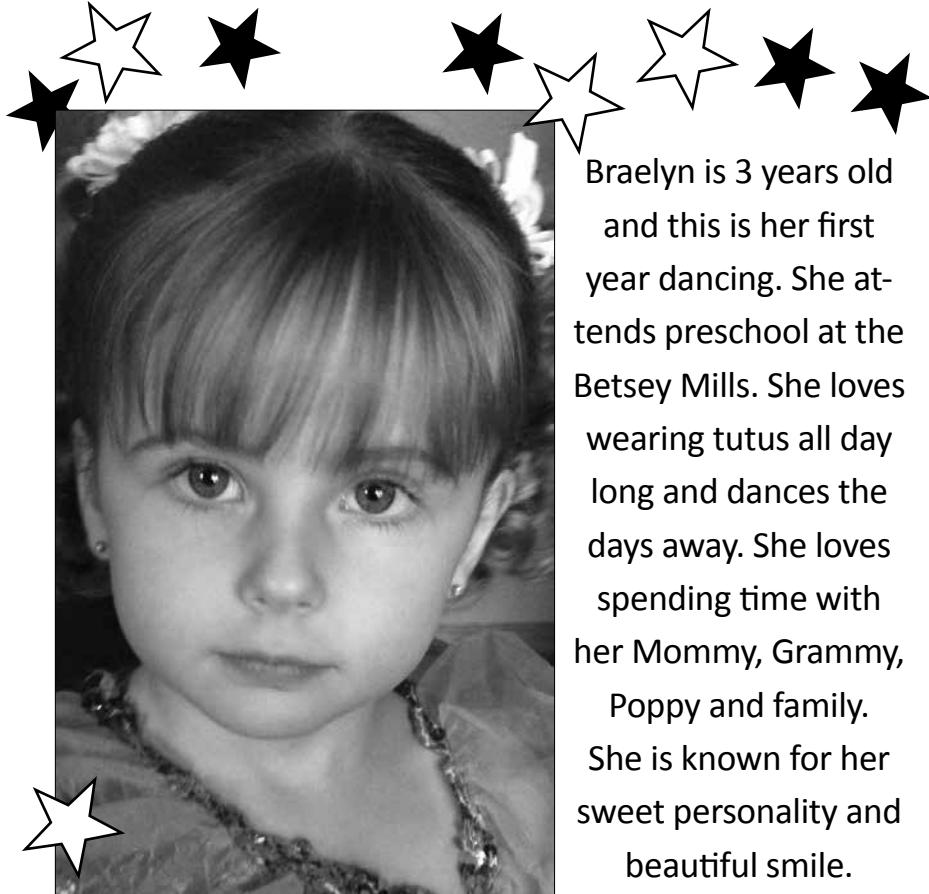

Consider This.

Can you imagine the trauma of being taken from your home, only to find you also have to leave your school, your teachers, your friends, your doctors, your church, your counselors? Everything that is familiar is gone. This creates an even more challenging situation for a child already in crisis.

How Can You Help?

Consider becoming a foster or adoptive family, or recommend our program to a caring candidate. For more information call **(740) 373-3485** or visit www.washingtoncountychildren.com.
