

*These four girls (yes they are sisters) are really great. They are very passionate about what they are teaching these young girls. My daughter takes several dance classes and just loves it. The girls are very down to earth and really enjoy teaching. I would highly recommend this studio to anyone looking for an activity for their daughter to do.*

*I've been a part of Dazzler Dance Team for 3 years now and they are the most amazing coaches I have ever met. They are beyond loving and never give up. When I started I could barely even stretch and now I go to a dance school and am auditioning for dance in college soon. I've come a long way and I couldn't have done it without them.*
